

Summary of activities of the Technical Committee on Process Control

M. Guay, Chair martin.guay@chee.queensu.ca

TC PC members contribute to the organization of workshops, special issues of journals, and IEEE and IFAC conferences/symposia. Membership is open to any member of the IEEE Control Systems Society, and CSS members interested in organizing sessions, symposia, and meetings are strongly encouraged.

1 Members of the Steering Committee

Richard D. Braatz, Frank Allgower, B. Wayne Bequette, Moritz Diehl, Denis Dochain, Francis J. Doyle III, Ricardo Dunia, Rolf Findeisen, Bhushan Gopaluni, Martha Grover, Martin Guay (Chair), Juergen Hahn, Michael A. Henson, Morten Hovd, Jeffrey Kantor, Vinay Kariwala, Mayuresh V. Kothare, Jay H. Lee, Zoltan K. Nagy, Yahya Nazer, Babatunde A. Ogunnaike, Robert S. Parker, Hector D. Puyosa, S. Joe Qin, Daniel Rivera, Masoud Soroush, Peter M. Young, L. Lefevre, Yann Le Gorrec

New members:

Ali Mesbah, Kai Hoeffner, Biao Huang

2 Summary of Committee Activities

Members of the committee met at the ACC in Portland and at the CDC in Florence. The next meeting will be held at the upcoming CDC in Los Angeles.

The TC is supporting a tutorial session proposal on Advanced

Control in Pharmaceutical Processes for the ACC in Chicago. An invited session on Optimal Control of Uncertain Systems has also been proposed for the ACC in Chicago.

3 TC PC Web Page

The TC PC website (<http://process-control.ieeecss.org/>) provides information on meetings, educational material, and journals. The website is currently under development. The next meeting of the TC will discuss various ways to improve and facilitate the use of the website by the members.
